VOLUME 52—NUMBER 84.

NEWARK, OHIO, FRIDAY EVENING, MAY 19, 1905.

TEN CENTS A WEEK.

H. P. SCOTT HOME

He is Cordially Welcomed by
People of Newark

TALKS OF HIS EXPERIENCE

Well Treated While at Columbus
Prison—Appreciates Kind Words
of His Friends.

The remarkable spectacle of a man
just released from the penitentiary,
returning home and receiving the cor-
dial greeting and best wishes of the
leading people of the community was
witnessed in Newark Friday morning.

H. P. SCOTT

pleted his sentence for violation of the
national banking law.

Friends who have kept informed
about Scott's case, knew that he would
be free Friday, but not even members
of his family knew the time of his re-
turn home. Just before the early
Panhandle train arrived Friday morn-
ing a few friends were informed that
Scott was coming and several were
present at the station to extend him
the hand of welcome. Mr. Henry S.
Fleek and Mr. William C. Miller, two
of the leading men of the city, escorted
Mr. Scott to his home in Hudson
avenue in Mr. Fleek's automobile and
after a short time Mr. Scott went to
call upon his mother, Mrs. Alda Scott,
and his brothers and sisters.

All along the street he was stopped
by men and women, boys and girls,
and was shown in every way that his
return to Newark was welcome. People
in every walk of life, high and low,
people who were personally acquainted
with Mr. Scott and those who knew
him only by sight, stopped him upon
the street or called him by telephone
to express their pleasure that his try-
ing ordeal in the big prison was over.

When seen by the Advocate Mr.
Scott said:

"I feel very deeply the many expres-
sions of kindness shown me by the
people of Newark and all that I can
say is that I appreciate the cordial
reception that I have received.

"I am indeed glad to back to New-

ark." Harry P. Scott entered a plea of nolo
contendere to an indictment in Judge
A. C. Thompson's court at Columbus,
charging a violation of the national
bank law. He expected a fine but was
given a sentence of 13 months in the
Ohio prison. The case was carried to
the United States court of appeals, but
that court sustained Judge Thompson
and Scott who had been released upon
a bond of \$10,000, surrendered to the
United States Marshal at Cincinnati
and began his term of imprisonment
on July 8. Prisoners serving a sen-
tence of one year are allowed five days
off each month for good behavior and
those serving a sentence of two years
or one year and a fraction are given
six days off each month for good con-
duct. This made Scott's term expire
on May 19, and he stepped out of the
big prison at 5:30 a. m. After break-
fast at the Chittenden he took a train
at once for Newark.

Why was Harry Scott accorded an
ovation upon his return home? Why
should he receive the cordial hand-
shake of the foremost men and women
of the community after his discharge
from a prison cell?

The answer is easy. Scott violated
the law but he did so for a double
purpose: first, to shield a life-long
friend and save him from prison, if
possible; second, to recover for his
father-in-law's bank the sum of \$35-
000 that had been stolen.

Scott permitted Harry J. Hoover to
have access to the books of the Peoples
National bank and allowed Hoover to
change the entries in the book so as
to permit the return of \$35,000 which

had previously been taken from the
bank. Scott and Hoover had been
chums from childhood. He permitted
the changes to be made not to take
money out of the bank but to secure its
return. He did not profit one cent by
the transaction, but says that he was
led to violate the law in order to save
Hoover and to get back to the bank
the money that had been taken. Scott's
father-in-law, the late Benjamin
Franklin, was president of the bank
at that time.

Mr. Scott looks well and says he
feels well. Speaking of his experience
he said:

"When I entered the prison last
July, I was treated as every other man
and was assigned to a cell where I
slept for four months. I asked no
favors from Warden Hershey but was
nevertheless well treated by him. He
gave me an easy task in the office of
the state shop where prison clothing
and shoes are provided the prisoners
and I was allowed to have food sent
in and to have my washing done out-
side the prison laundry.

"During my experience at Columbus
I learned to cook and over a little gas
stove in the office of my department
I prepared my own meals and 'kept
house.' After Warden Gould took
charge of the prison some of my
friends appealed to him in my behalf
and he very kindly consented to allow
me to have a cot in the office, and af-
ter that I was allowed to sleep there.
Every courtesy consistent with prison
discipline was accorded me and both
the officials and guards were kind at
all times.

"My place in the office of the state
shop brought me in touch with all in-
coming and outgoing prisoners. My
duties were of a clerical nature and
were light, often too light as it would
have been better to have been occupied
all the time.

"The saddest scene of the many I
have witnessed in the past eight
months was enacted the other day
when Lewis P. Ohliger, the Wooster
bank president and former Congress-
man in the Canton district, entered
the prison to begin an eight year term.
The old man was completely crushed
and when the officials gave him the
prison garments to take place of the
black suit which he wore, the picture
of despair that came over the man
would have touched the heart of any
one. I turned away unable to look at
him."

Mr. Scott says that he had no plans
for the future but will remain in New-
ark where he will later determine up-
on his future course.

STREET RAILWAYS

Are Willing to Sell to Chicago—Values
and Terms to be Arranged Later
in Proceedings.

Chicago, May 19.—Representatives
of the Chicago street railway compa-
nies declared their willingness to sell
their traction properties to the mu-
nicipality. The value to be placed
upon the lines and the terms of sale
were made matters for future consid-
eration. Upon request of the traction
representatives time was granted by
the city's representatives for the fix-
ing of a definite price. In return the
traction companies agreed to place no
obstacle in the way of municipal own-
ership. The meeting to consider the
negotiations arranged by council res-
olution was attended by the receivers
for the traction companies and by city
officials.

WORKING

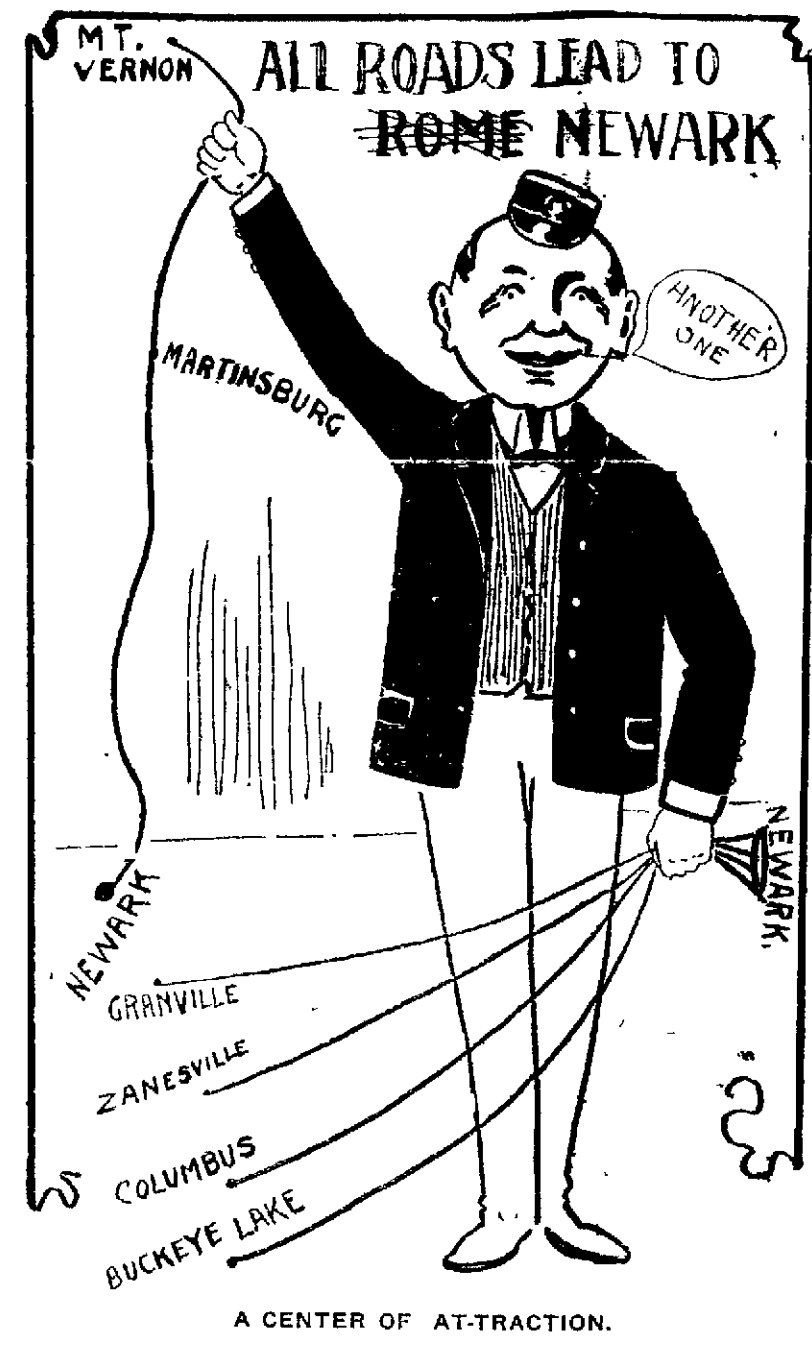

In a Cleveland Billiard Room is the
Former Gallion National Bank
President.

Cleveland, May 19.—Otho L. Hays,
until recently president of the Gallion
National bank, is working in a billiard
room on Superior street. Said Hays:
"When I went out of that bank in
Gallion, I didn't have a dollar in the
world, and I tried to find employment.
Finally, some of my wife's friends got
together, and helped her to buy out an
interest in this place, and she is now
trying to pay off the mortgage on it.
I am merely employed here at so much
a week, earning an honest living."

Soon after his indictment on a
charge of misapplying the funds of the
Gallion National bank Hays came to
Cleveland. A short time ago his case
was called by Judge Taylor and his at-
torney pleaded for a continuance. He
announced that Hays was without any
funds, that it was necessary for him to
make occasional trips to Columbus to
examine the books of the bank in or-
der to prepare his defense. District
Attorney Sullivan did not oppose the
continuance and it was granted until
the October term.

MORGAN BIDS FOR FUNDS OF
VATICAN AT FOUR PER CENT

Rome, May 19.—It is reported that J.
Pierpont Morgan has made an offer to
the pope to place all the funds of the
Vatican devoted to investment purpo-
ses in American securities at 4 per cent
interest. At present the funds are in-
vested through the Rothschilds at 2
per cent. The acceptance of Morgan's
offer would mean an increase of \$500,
000 in the annual income of the Holy
See.

CHICAGO BLUEBEARD HOCH
IS FOUND GUILTY OF WIFE
MURDER THIS AFTERNOON

JOHANN HOCH, ALLEGED CHICAGO "BLUEBEARD."

CHICAGO, May 19.—Johann Hoch, Chicago's Bluebeard, whose case went
to the jury at 12:15 o'clock this afternoon, was found guilty by the jurors
of the murder of his wife, Marie Weisscher Hoch, by the administration of
arsenic. The death sentence was imposed.

There was the silence of death in Judge Kersten's court this noon when
the demand for absolute justice was made by the state's attorney. To all ap-
pearance Hoch was the only uncondemned person in court. Judge Kersten
was serious and careful in his charge.

OHIO SHIPPERS

Have Plank They Desire Inserted In
State Republican Platform—Seek
Regulation of Rates.

Columbus, O., May 19.—The execu-
tive committee of the Ohio Shippers'
association has started a state move-
ment for the creation of sentiment for
indorsement of railroad rate legisla-
tion by the coming state Republican
convention. Shippers in all cities and
towns will be urged to take up the
matter. A plank favoring rate regu-
lation has been framed by the ship-
pers' executive committee and pre-
sented to Governor Herrick. It is
hoped to have the plank made part
of the Republican platform. The gov-
ernor made no statement regarding his
views of the expediency of the state
convention adopting the proposed
plank.

BOMB KILLS TEN PEOPLE.

Monastir, Turkey, May 19.—The ex-
plosion of a bomb here caused the
death of ten persons. Numerous ac-
cused have been made.

RAGGING

Takes Place on Board British Ship—
Captain Gambie Forced to
Retire.

London, May 19.—A recent case of
"ragging" on board the British cruiser
Kent has been promptly followed by
a compulsory retirement on half pay
of Captain Douglas A. Gambie, her
commander, for allowing such an oc-
currence on his ships, and by the pun-
ishment of officers concerned in the
affair. The "ragging" took place in
the gun room where the midshipmen
attempted to strip and flog an unpop-
ular comrade. The latter drew a re-
volver and shot one of the midship-
men in the mouth.

MORO OUTLAWS ANNIHILATED.

Manila, May 19.—The Moro outlaws

nouncing a battle on the island of

maining through the troops' loss

TRIAL STOPPED

Geo. Woods Pleads Guilty to
Second Degree Murder

GETS THIRTY YEARS IN PRISON

Question of Defendant's Sanity Caused
Prosecution to Accept This
Plea Today.

Somerville, N. J., May 19.—The trial
of George H. Wood, the New York iron
worker, for the murder of Grocer Geo.
Williams, of Plainfield, was stopped to-
day. Wood pleaded guilty to murder
in the second degree and was senten-
ced to serve 30 years in the state prison.
The question as to Wood's sanity
caused the prosecution to allow a plea
of guilty in the second degree. Wood
gazed sleepily at the judge when sen-
tenced and said: "Well, I guess the
judge knows best, but I did not kill
that man."

Wood claimed that he was under the
influence of three mysterious charac-
ters.

REV. MORGAN WOOD
WILL NOT SPEAK

ANOTHER MAN CHOSEN TO PUT
HERRICK'S NAME BEFORE
CONVENTION.

Governor Has Little to Say About the
Charge—Mr. Howland Will Make
the Nomination.

Cleveland, O., May 19.—Rev. Dr. Mor-
gan Wood, the Congregationalist min-
ister, who was chosen by Governor
Herrick to nominate the governor at
the Republican state convention next
week at Columbus for a second term,
said today he would not perform that
duty. Dr. Wood said he had no com-
ment to make and referred interview-
ers to the governor. Dr. Wood was
chosen, it has been said, because of
the influence his speech might have
in lessening the opposition of the an-
tisaloon league to the governor's renom-
ination.

Columbus, O., May 19.—Governor
Herrick said today: "I have invited
Attorney Paul Howland of Cleveland,
to nominate me. He did so the last
time. Dr. Wood had not been finally
agreed upon. That was only a sugges-
tion. There is nothing more to say
about it."

Columbus, May 19.—"I don't know
why Governor Herrick decided not to
have Dr. Wood nominate him," said
W. B. Wheeler, superintendent of the
antisaloon league today. "Possibly
the governor saw the inconsistency in
having a former Congregational pas-
tor nominate him when the state Con-
gregational conference has put itself
on record against Herrick's renomina-
tion and re-election. Maybe also that
Wood did not relish the hard task
which they had given him to explain
the governor's attitude on the Bran-
nock bill. Also, the governor's friends
objected to having a minister nominate
him as it would alienate the saloon
votes."

Cincinnati, May 19.—"Governor Her-
rick's statement ought to be sufficient,"
asserted George B. Cox when asked
about Herrick's declaration that Rev.
Mr. Wood would not nominate him.

STEEL TRUST

Sells Product Abroad Cheaper Than at
Home—President May Probe the
Steel Combine.

Pittsburg, May 19.—The action of
President Ramsey in pointing out to
President Roosevelt and his advisers
that the steel rail pool had stifled com-
petition on the bids for rails for the
Panama canal has thrown steel makers
here into a spasms. They anticipate a
thorough probing by the president of
the system of charging American con-
sumers one price and foreigners a far
lower one.

The products sold from the Allen
town, Pa. mill are delivered in fore-
ign ports much lower than consum-
ers can buy the same in Pittsburg.
The Steel corporation controls the
market of the United States and also
causes the European prices to rise and
fall at will, whereas the domestic price
has been stationary for many years
on products protected by pools which
divide the tonnage.

The students of Stanford University
will lay a magnificent bronze vase,
which will be placed on the marble
steps of the Stanford mausoleum, and
every day year in and year out, kept
full of fresh flowers.

MUST LEAVE
VLADIVOSTOK

Russian Authorities Give Notice to
Foreign Representatives.

OPERATIONS ARE IMMINENT

Baltic Fleet Sighted Seven Hundred
Miles South of Formosa and a
Naval Engagement at an Early
Date is Not Likely—Squadron May
Enter the Pacific.

Washington, May 19.—Operations
are imminent at Vladivostok. Richard
Greener, American commercial agent
at that port, has cabled the state
department that all foreign com-
mercial agents there have been asked
to leave Vladivostok fortress and are
given permission to reside in the
maritime provinces. Mr. Greener
himself was just leaving Vladivostok
for Haborowsk. It is recalled here
that a similar measure was adopted
by the Russian authorities at Port
Arthur at the beginning of the invest-
ment of that place by the Japanese
land and sea forces, and hence it is
assumed that Vladivostok is expected
to become a center of the seat of war
very soon.

The location in which the Russian
fleet was reported by British steamer
Hong Wan I does not indicate that a
naval battle is imminent. The Rus-
sians were on May 16 only about 150
miles from the coast of Annam and
apparently heading north for the
waters of the island of Hainan, near
which, according to a Hongkong dis-
patch, 150 junks laden with provisions
were waiting for the Russian fleet.
Even in case Admiral Rojestvensky
decides not to take these supplies on
board, or if the Hongkong report is
incorrect, the Russian fleet May 16
was still about 700 miles from the
southern part of the island of For-
mosa, where it has been asserted Ad-
miral Togo may give battle, and it is
doubtful if the fleet can now make
more than about 200 miles a day un-
der the most favorable circumstances.

It is the opinion of some that Ro-
jestvensky may make a demonstra-
tion in the vicinity of the islands of
Formosa and the Pescadores and then
enter the Pacific en route for Vladi-
vostok.

Rain Suspends Operations.

Gunshu Pass, Manchuria, May 19.—
After several days of rain, a violent
downpour set in which has ruined the
roads and will necessitate a period of
military inaction, besides being likely
to increase sickness in the camps of
the two armies. Luxuriant vegetation
is springing up, which will furnish
green fodder and so favor operations
by cavalry. According to Chinese re-
ports the Japanese are strengthening
their left wing and also are sending
important reinforcements to Korea,
but no change in the position of the
front has been noticed.

NO SUNDAY BASEBALL
ALLOWED AT ELYRIA, OHIO

Elyria, O., May 19.—Judge Tilden
this morning sentenced 10 young men
arrested for Sunday baseball playing
to pay a fine of \$1 each and their share
of the costs.

WAITED FOR BRIDE

Who It Was Found, Had Eloped With
a Member of the Wedding
Party.

Memphis, Tenn., May 19.—Wade
Wannick, north of here, married a
Miss Wright Wednesday. Leads Riley,
a friend, and Robert Reeves, a brother-
in-law of the bride, were members of
the bridal party. Riley secured the li-
cense for Wannick.

On their return to the bride's home
the party found that a creek they had
to cross could not be forded. As only
one buggy was in the party, the bride,
her sister and brother in law got in the
buggy and were to drive some distance
up the creek to a bridge.

The groom and Riley were to cross
and wait at the home of the groom for
the party. Riley, after starting with
Wannick and others, turned back, say-
ing he had forgotten an engagement
with a friend.

It is reported that Riley joined the
three in the buggy and drove to a sta-
tion, where he and the bride left for
parts unknown. This developed after
a search was made by Wannick, who
waited all night for his bride. Riley
left a wife and child. The bride was
only 17. Wannick had a warrant issued
for Riley and will prosecute a search
all parties are prominent.

JUSTICE HARLAN HONORED.

Winona Lake, Ind., May 19.—Justice
John M. Harlan, of the United States
Supreme court, was signally honored
this morning when he was named vice-
moderator of the Presbyterian general
assembly. His measure looking to-
wards the erection of a central Pres-
byterian cathedral at Washington may
now receive more serious considera-
tion at the hands of the assembly but
it is likely to be defeated.

JUDGE F. J. WING

Ex-Newark Man is To Attack
Exclusion Act

IS TO BE CHIEF COMMANDER

In a Brilliant Array of Lawyers About
to Begin Action in the
Federal Court.

Cleveland, O., May 19.—Ex-United
States Judge Francis J. Wing formerly
of Newark and a relative of the late
Hon. L. B. Wing, will probably be the
commander in chief of a formidable
force of attorneys which is about to
attack the Chinese exclusion act in
the federal courts, commencing here.

Federal Judge Taylor will soon set a
day for the hearing of six Chinese
cases in this district and District At-
torney Sullivan will find himself op-
posed by an array of lawyers including
some of the most prominent in Ohio,
while others will be here from other
cities of the country.

These lawyers have pooled their in-
sues and with outside financial and
other assistance from the "Big Six"
and other Chinese organizations, they
will fight the exclusion act to the Su-
preme court of the United States.

As federal judge, Wing always refus-
ed to order the deportation of Chinese
on the ground that it never could be
proved that a Chinaman was really a
Chinaman. Since he has resumed the
practice of law Wing has made the ex-
clusion act a study.

One of the cases in which Wing ruled
in favor of the Chinese was carried to
the Supreme court of the United
States. It is said the lawyers for the
Chinese will demur before Judge Tay-
lor, when the cases come up for hear-
ing that the exclusion act is no longer
effective. It is claimed that a discov-
ery in the law has been made which
brings up a new issue. When passed
the treaty was to the effect that if
either party to the treaty gave notice
of termination six months in advance
of its expiration the treaty should ter-
minate at the end of ten years. It is
held that China has given notice six
months before the expiration of the
treaty and if Congress has done noth-
ing to extend it, China's act of giving
notice has opened the door of this
country to all Chinamen, who want to
enter, the only restrictions placed up-
on them being those governing immi-
grants from other countries. The fact
that Chief Justice Fuller has held that
the Chinese exclusion act was not in
the nature of a criminal proceeding,
but was based upon a treaty between
the United States and China will also
be advanced at the hearing here. The
attack on the Chinese exclusion act
has been brought forward as a part
of the campaign of the Chinese in the
boycotting of American goods.

CHINAMEN

Of America Said to Be in a Plot To
Knock Out the Immigration Ex-
clusion Act.

Cleveland, O., May 19.—The China-
men of the United States, with the as-
sistance of numerous attorneys and
others, are engaged in a plot to knock
out the Chinese exclusion act.

"The Big Six" are said to be at the
bottom of the affair, and the fight,
when it begins, will start in Cleveland.
Six Chinamen of this city have re-
cently been ordered deported by Uni-
ted States commissioners. They all
have competent and expensive attor-
neys, and their cases were appealed
to Judge Taylor, who will set aside one
or more days to hear them all, one af-
ter another.

The program is to appeal the deci-
sion of Judge Taylor should he affirm
the United States commissioner's rul-
ing and carry the cases to the Su-
preme court of the United States.

YOUNG THOMAS

May Be Sent to Jail if Court Finds the
Millionaire Guilty of Speeding
His Automobile.

New York, May 19.—Edward R.
Thomas, millionaire horse owner and
motorist, and son of the late General
Sam Thomas, the famous financier,
will be prosecuted by District Attorney
Jerome in person on Monday, when he
is arraigned before Justices Kinsdale,
Zeller and McKeon, in the Court of
special sessions, charged with running
his motor car at excessive speed.

If he is convicted, according to a
statement made by the justices, he
will be sentenced to a term in jail in-
stead of being fined as he has been
sentenced to frequently heretofore.
The case has been determined to
impose a sentence in the future
where there is a previous conviction
and Mr. Thomas is regarded as a
repeat offender.

EIGHTEEN INNING TIE GAME

In Last Nine Innings Not a Score Was Made and Only Two Hits Chalked Up Against Pitchers—Opening of Lima Series Remarkable in Many Respects.

For 18 long innings, with the score standing two to two, Teddy Purcell of the Idlewilds and Tomlin of the fast Lima aggregation, battled determinedly for Thursday's game at the park.

As far as is known, this is the only eighteen inning game played at Idlewild park. Practically two games were played, but after the ninth inning not a score was made and only two hits were made by both teams. Lefty Snyder got a safety in the twelfth and Tomlin rapped out a single in the fifteenth. In the eighteenth inning, Linderbeck fell victim to Tomlin's bendies and struck out. In the thirteenth Schweitzer fanned the air three times when Teddy sent them over the pan like rifle bullets.

The game was a remarkable one in many particulars. Idlewild played throughout the entire game without an error. Lima had six, four of them being credited to their third baseman, Rickert. However the game delighted a few fans who were loyal to the locals and went to the park Thursday afternoon.

Purcell started out rather wild in the first inning. Jones, the first man up walked and went to second and third on wild pitches. Rickert and Schweitzer followed and struck out while Donner hit a high fly to Lefty Snyder in right field.

The first score in the game was chalked up when Schweitzer hit safely and was sent to second when Donner was hit by a pitched ball, the little German stole third and scored on Burnes' sacrifice to shortstop. It looked like a shut out for Newark. Lima scored again in the sixth on Donner's two bagger followed by a neat single by Burnes. Idlewild couldn't score until the eighth. Teddy Purcell hit at a wild pitch and went to first on strikes, Matteson being unable to stop the ball. He stole second and an error and a hit by Linderbeck scored the man.

Blitz O'Brien knocked out a pretty hit in the ninth. He went to second when Young went out on a shortstop's assist to first. Snodgrass got a safe bingle and scored O'Brien, tying the score.

Both pitchers then settled down to hard work. Both seemed determined to win the game. The result was that the pitchers had the batsmen at their mercy. The sides were retired in the one-two-three order, and only once after the ninth did each team get a safe hit.

The game was called at 6:10 on account of darkness.

SUNDAY'S GAME

Will be Played Here With Steubenville—Visiting Team is Said to be a Strong One.

Steubenville will play here Sunday. The game follows the series with Lima and the locals will be in excellent condition for the fray. The weather man has promised warmer weather and all the conditions go to make up the essential qualities for a good baseball game. Steubenville has a good record this year and reports say that the bunch gathered together under their standard is a fast one and will give all comers a run for their money.

Idlewild has broken the hoodoo and the loyal fans should help them in redeeming the poor record made this year by turning out in large numbers at Sunday's game. A little loyal support for the players from the fans will go a great way toward turning out a winning team for Newark.

BROWNIES THE VICTORS.

The Brownies defeated the Sluggers yesterday afternoon by a score of 11 to 7. The features of the game were Grant Lee's catching and Schaller's pitching. Batteries were Lee and Schaller; Sluggers, Francis and Johns. Time 1:50. Umpire, Gleichauf.

BASEBALL NOTES.

A peculiar play was executed on the diamond Thursday. Blitz O'Brien fielded a swift grounder far from first and in order to beat out the runner he slid into first base feet first. He caught his man, though the margin was a narrow one.

Al Schweitzer grabbed a line drive several feet above his head in the eighth. It looked like a clean hit but there was nothin' doin'.

Matt Matteson caught the game for Lima Thursday. Matteson was playing with Coshocton last year and was remembered by Newark fans. Matty is probably one of the best natured ball players who stop in Newark.

Both Matteson and Al Schweitzer played with Mt. Vernon. Schweitzer was with them last year and Matteson two years ago.

The small crowd at Thursday's game nearly went wild over Teddy Purcell's work in the box. The little twirler absolutely ignored the applause and would not respond to the repeated requests for him to doff his cap.

Thursday's was Lima's seventh game and is the first that they have not won cleanly. All the visiting players were loud in their praises for Purcell's work and place him in the A No. 1 class.

BLOOD POISON MAN'S GREATEST ENEMY

The disease that has done more than any other to wreck, ruin and humiliate life, is Contagious Blood Poison. Sorrow, shame and suffering go hand in hand with this great enemy, and man has always hated and fought it as he has no other disease. It is the most powerful of all poisons; no matter how pure the blood may be, when its virus enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the deadly poison, and soon the mouth and throat begin to ulcerate, the hair and eyebrows drop out, a red eruption breaks out on the body, copper-colored spots and sores make their appearance and the poison even works down into the bones and attacks the nerves. Not only is the disease hereditary, being transmitted from parent to child, in the form of scrofula, weak eyes, soft bones, weak puny constitutions, etc., but is also so highly contagious that many a life has been ruined by a friendly hand shake, or from using the toilet articles of one infected with the poison. To cure this blighting, deadly curse the blood must be purified, and nothing will do it so quickly and surely as S. S. S. It goes down to the very bottom of the trouble, drives out every particle of the poison and makes the blood clean and strong. It does not hide or cover up anything, but from the inside and build up and strengthen the system.

S. S. S. is guaranteed purely vegetable. We offer a reward of \$1,000 for proof that it contains a particle of mineral of any kind. Book on the disease, with instructions for home treatment, and any advice desired, without charge.

Eighteen Inning Game Here But Bloomington, Ind., Goes One Better, Playing Nineteen.

Bloomington, Ind., May 19.—In a 19-inning game the University of Cincinnati defeated Indiana university by a score of 2 to 1. Dunlap pitched a remarkable game, allowing but seven hits, which were kept well scattered. Cincinnati had but six men left on bases, while Indiana had 20. Twice the local team runners were caught at the plate by a narrow margin. Caldwell scored a three-bagger in the nineteenth, and stole home on Dunlap's overthrow.

Mixed Train in Collision With a Freight—The Victims.

Louisville, Ky., May 19.—Eight men were killed and four injured in a collision two miles south of Echols, Ky. The dead: B. English, engineer, Elizabeth, Ky.; Doc Turney, conductor, Louisville; Ben English, conductor, Cecelia, Ky.; Charles St. Clair, fireman, Louisville; Foster Bell, fireman, Louisville; Cordia Smith, colored, brakeman; George Hollis, colored, brakeman; Mat Owen, negro tramp. The injured: James Cranshaw, stockman, Knob Lick, Ky.; Ed Craney, Columbus, O.; Gus Fallinger, Cincinnati, traveling salesman; Wallace Yates, engineer. The collision was between a northbound fast freight and the Louisville and Central City local freight, the latter of which carries passengers, and from this fact it is feared there may be other victims under the wreckage. The mending of its orders by the southbound crew, it is said, caused the collision.

Mt. Vernon, O., May 19—An insurance agent by the name of Bowers, drove into the city from Utica with a livery rig and he was in an intoxicated condition and driving at a high rate of speed. BIG CATFISH

Snapped the Shotgun and Dragged It From the Boat of the Amateur Fisherman.

Swan Lake, Ala., May 19—While fishing for perch Edward A. Scott, a prominent merchant of Decatur, yesterday lost a shotgun under peculiar circumstances.

Scott was seated in his boat and had carried his gun with him, resting the barrel across the bow of the boat when he reached the fishing grounds. Suddenly a large fish leaped up and in an instant snapped the stock of the gun from the barrel. Mr. Scott says the fish was of the species known to southern waters as the shovel nose catfish and that it was six feet in length. The shovel nose catfish has been known to attack boys while in swimming here but this is the first time a hunter has been deprived of his gun.

TEAMSTERS STRIKE NOW ALMOST OVER

MAYOR DUNNE CORROBORATES REPORTS THAT END OF TROUBLE IS NEAR.

Attorney for Employees Says He Hopes That the Stories Afloat Are True.

Chicago, May 19.—From several authoritative sources today comes the report that the teamsters' strike is about to be called off by the teamsters as a result of President Gompers visit and the result will be that the drivers will make absolute surrender. Mayor Dunne, in carefully worded but emphatic statement corroborated the reports of ending of strike, while Sheriff Barrett has informed his personal friends that the strike's end is at hand. These officials decline to say from whence the information reached them. According to stories that emanated from labor circles Gompers had a brief but earnest conversation with President Shea just before leaving last night, and told him he might call off the strike at once. It is further declared that the mayor would withdraw all police from the strike the moment it is declared off and that Sheriff Barrett would take all deputies. Attorney Mayer representing the employers, said: "I know nothing of such a declaration. If the strikers have agreed to call off the strike they have not taken us into their confidence. I hope it is true."

Roosevelt's Democratic Attitude.

It would not be surprising if the action of the President and Secretary Taft in deciding to open the competition for the supplies for the Panama canal to the whole world would, in connection with the President's action on railroad rate regulation, cause a great split in the Republican party. The tariff standpaters in the cabinet, in Congress and in private life are raising a tremendous howl over the Panama supplies decision. They see in it the entering wedge for a revision of the tariff, and they apparently propose to fight it to the death, if possible. They undoubtedly will be encouraged by the opponents of railroad rate regulation, who have been preparing to make war upon the President on their own account. He has, however, but to stand to his guns in both cases and he will receive sufficient support, not only from his own party, but from the Democrats, to render nugatory the efforts of his enemies in the Republican ranks to defeat his policy. William J. Bryan a couple of days ago endorsed the President's position on the railroad question and declared his entire belief in his sincerity. He declared Mr. Roosevelt was only following true Democratic doctrine, and this being the case he will have the support of Mr. Bryan and a multitude of other Democrats upon this question and the one just now raised by his action in deciding to purchase the canal supplies in the cheapest markets of the world instead of submitting to extortion by tariff protected trusts. If the trusts are not permitted to rob the government, why should they be allowed to continue their robbery of the American people?

PANAMA CANAL ORDER IS SLIGHTLY MODIFIED

Washington, May 19.—The administration has modified the recent order respecting the purchase of Panama canal shipping and supplies abroad. Secretary Taft announced this afternoon after the cabinet meeting that it had been decided not to purchase any foreign ships at present, but merely to charter such as might be absolutely necessary for pressing business. He further announced that it was not the purpose of the commission to purchase unlimited quantities of supplies abroad, but only such as were imperative at this time. In this way congress will have ample opportunity next October to pass upon the whole subject in controversy.

TRIAL BY JURY

PLEASED PEOPLE AT TAYLOR HALL THURSDAY NIGHT.

Program Given by the Trinity Church Choir Complete Success—The Leaders Congratulated.

The concert and comic opera given at Taylor Hall Thursday night by the Trinity church choir before a crowded house was a distinct success. Under the superb choral directorship of Mr. C. E. Reynolds, the music was executed with great finish and vim, and the elaborate and correct staging was in the hands of the experienced Miss King.

The "Trial by Jury" of a breach of promise case in an English courtroom with the barristers in bar wigs and gowns and bands and utilizing the choir boys for the jury, with a sly dig at the intelligence of the usual jury—the pretty bride with her train of charming bridesmaids and the spectators, the omnipresent usher and the counsel and judge, was a scene long to be remembered. Thanks to The Powers-Miller company and Mr. Arthur Banton, the stage was both lighted and draped artistically.

The pretty little bride, Miss Irene Henthorne, sang and acted delightfully, while the counsel, Mr. Herve Reynolds, with his impassioned plea and Mr. Walter Ball as the court usher with his stentorian "silence in court!" were deserving of all praise.

The real comedy however, devolved upon Mr. Norton Beecher, with his capital songs, as defendant, and his irresistible overtures to the "other girl", and last and pre-eminently Mr. Will H. Reynolds as the irascible but susceptible judge, with his capital singing of his famous Judge's song, which was done professionally throughout and elicited bursts of applause. Of the concerted work, "Hail, Great Judge," and the "Dilemma" chorus stood out for magnificent work.

Of the concert numbers—the quartette of brass by the Messrs. Reynolds, Kibler and Dowling, was simply stunning, while Will Reynolds' cornet solo "Sweet and Low" and Mr. Dowling's saxophone solo, displayed the resources of the two instruments finely.

The Midget Proposal, by little Goddard Chase, and Frances Fulton, and the boy soprano, Paul Russell solo the "Chorister," robed as he was in his vestments, were delightful hits, while the ever popular and appreciated Miss Bertha Penney and Mr. Ball gave Dennee's charming duet, "Oh Moment that I Bless" in a most artistic manner.

The choir boys will reap a benefit from the proceeds to go on their annual outing.

STREET FIGHTS

Between Union and Nonunion Men. Chicago Strike.

Chicago, May 19.—For the first time in several days there were a number of street fights between non-union men and the union teamsters. One of the disturbances, at Twenty-second street and Indiana avenue, blocked all traffic and delayed streetcars for half an hour. The police were compelled to use their clubs vigorously in order to disperse the crowd, and made several arrests. The nonunion driver for the wholesale grocery house of Steel Weddells & Company, who was the original cause of the outbreak, was badly beaten before the police could save him. In some portions of the south side a vigorous antagonism to union men has developed, and the teamster wearing a union button in driving through those sections meets with rough treatment.

President Samuel Gompers of the American Federation of Labor, who has been in Chicago for the past two days negotiating for peace in the present trouble, left for Dayton, O. Before leaving the city Mr. Gompers said that so far he had accomplished very little, but the prospects were that a basis would soon be reached where a settlement of the difficulty satisfactory to both of the opposing interests would be decided on.

Baptist Convention

St. Louis, May 19.—Contrary to the usual custom of Baptist conventions, the place of next meeting usually being selected by a committee, the delegates decided upon Portland, Ore., as the place for the Baptist anniversary in 1906. The most important action of the session of the Baptist Home Mission society was the adoption of a new plan for evangelistic work which was outlined by Rev. Dr. Henry L. Moorehouse of New York. Special evangelists are to be appointed who will conduct or participate in evangelistic meetings at the large centers of population and hold meetings for students attending theological seminaries and academies and colleges.

Donald G. Mitchell, who, as Ik Marvel, delighted an earlier generation with "Reveries of a Bachelor" and other works of a rich and quaint fancifulness, lives, at the age of 84, on a quiet and peaceful farm near New Haven.

LOSS OF APPETITE.

Are You Troubled in This Way?

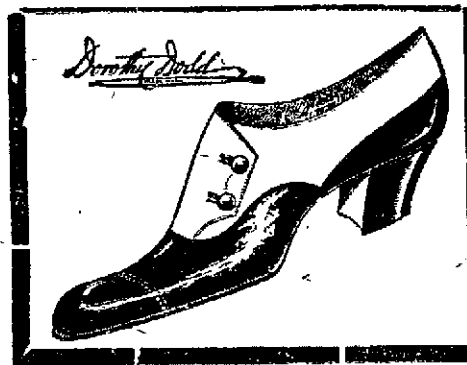

Why can't you eat as you used to? Simply because your liver doesn't do its work properly. Its business is to take bile out of the blood, which acts as Nature's cathartic, but your liver is sluggish and the bile accumulates too fast, and you feel worn out, tired and lifeless, and each succeeding day brings no relief. The use of Smith's Pineapple and Butternut Pills will change all this. Try them and you will be convinced that these little pills are indeed a tonic and stimulant to the functions of the liver. Then your brain will be active, your mind clear, and health conditions again established and you can eat anything. Get your liver right. Smith's Pineapple and Butternut Pills act gently but surely on the liver, and cure headache, constipation and biliousness in one night. Price only 25 cents at druggists.
